### *Going Green*

Amidst growing environmental concerns, CPBI Manitoba has made the move toward sustainability by reducing our use of paper. Paper handouts will not be provided at CPBI breakfast sessions. Copies of session presentations will be emailed to all registered attendees following each session.

While it may seem that we have been working on pension reform in Canada forever, it has in fact only been a few years. While it may sometimes seem that we are not making progress, in fact we are. Keith Ambachtsheer has been intimately involved in Canada's pension reform journey from the start. He will share his perspectives on where we have been, where we are today, and what the final destination may look like.
